**Subject:** Traffic Management Requests

Each county councillor has been asked to submit a list of traffic management requests for his or her division. These will be reviewed in the autumn when we need to give priority to the most important projects to take forward.

Attached is a list of the traffic management issues that have come to my attention. If there are any I have missed, please let me know.

They do not include highway maintenance issues - these will be dealt with in a different way and I will contact you about top priorities later. <<TRAFFIC MANAGEMENT REQUESTS.doc>>

Whiteley      Leafy Lane improvements to reduce traffic using this residential road to access offices. (one consultation completed, producing no clear mandate. Further studies being undertaken, but cost of £100,000 for bigger scheme could mean delays in implementation).

Footpath link from Marjoram Way to Sorrel Drive requested.
