

On Wednesday 25<sup>th</sup> March Year 7 to 11 students from Henry Cort worked with students in Year 5 and 6 at Whiteley Primary School. The aim of the day was to start developing some practical design ideas for a sculptured bench to be located in Whiteley.

The students were lucky enough to be inspired by Alton based Sculptor Russell Jakubowski who came in for the day to help generate ideas using his work as a starting point.

The project is funded and supported by Whiteley Parish Council and Winchester City Arts Council. The students will also have the opportunity to do another day of brainstorming with Portsmouth based art Pete Codling.

The ideas from to two days will then be presented to the Parish Council and residents of Whiteley for consideration.

It is a really exciting project and unique opportunity for students of all ages to work together on a real art project.

Mr Williams
